REVII DISCLAIMER: The Revii product line is based upon a theory that by reducing your exposure to the chemicals found in the many products that you use daily, and replacing these products with natural products that simply alter the pH balance in your body from acidic to alkaline, it is believed the body will experience positive effects. Any product testimonials included in Revii materials are not necessarily representative of all of those who will use our products, nor are these testimonials intended to make claims that these products can be used to treat, cure, mitigate, or prevent any disease. These claims have not been clinically proven or evaluated by the FDA, yet these testimonials provide the real life experiences of those who have used our products. Individual results may, of course, vary. We encourage you to consult with your health care provider. Any product testimonials included in Revii materials are not necessarily representative of all those who will use Xp3 products. These claims have not been scientifically proven, yet these testimonials provide real life experiences of those who have used Xp3. Individual results may vary. does not guarantee earnings or earnings potential. Individual earnings are directly dependent on the amount of effort invested by each independent distributor of Revii products.
